# Sébastien PERROT's editorial

On behalf of the Federation, I wanted to thank you for the trust placed in this edition of the Mondial de l'ULM 2023. As a Microlight professional, you are a decisive asset in the development of our practice.

The number of exhibitors registered today exceeds that of last year and this Mondial de l'ULM will be your success! In partnership with the department of Loir-et-Cher and the Aerodrome of Blois-le Breuil, the Federation has put in place many means to make this edition a success.

The plan of the Show has been reworked to make it easier for visitors to find you. As you will see in the following pages, the federal team and in particular the flight management, do their utmost to ensure that you have as many flight possibilities as possible throughout the weekend.

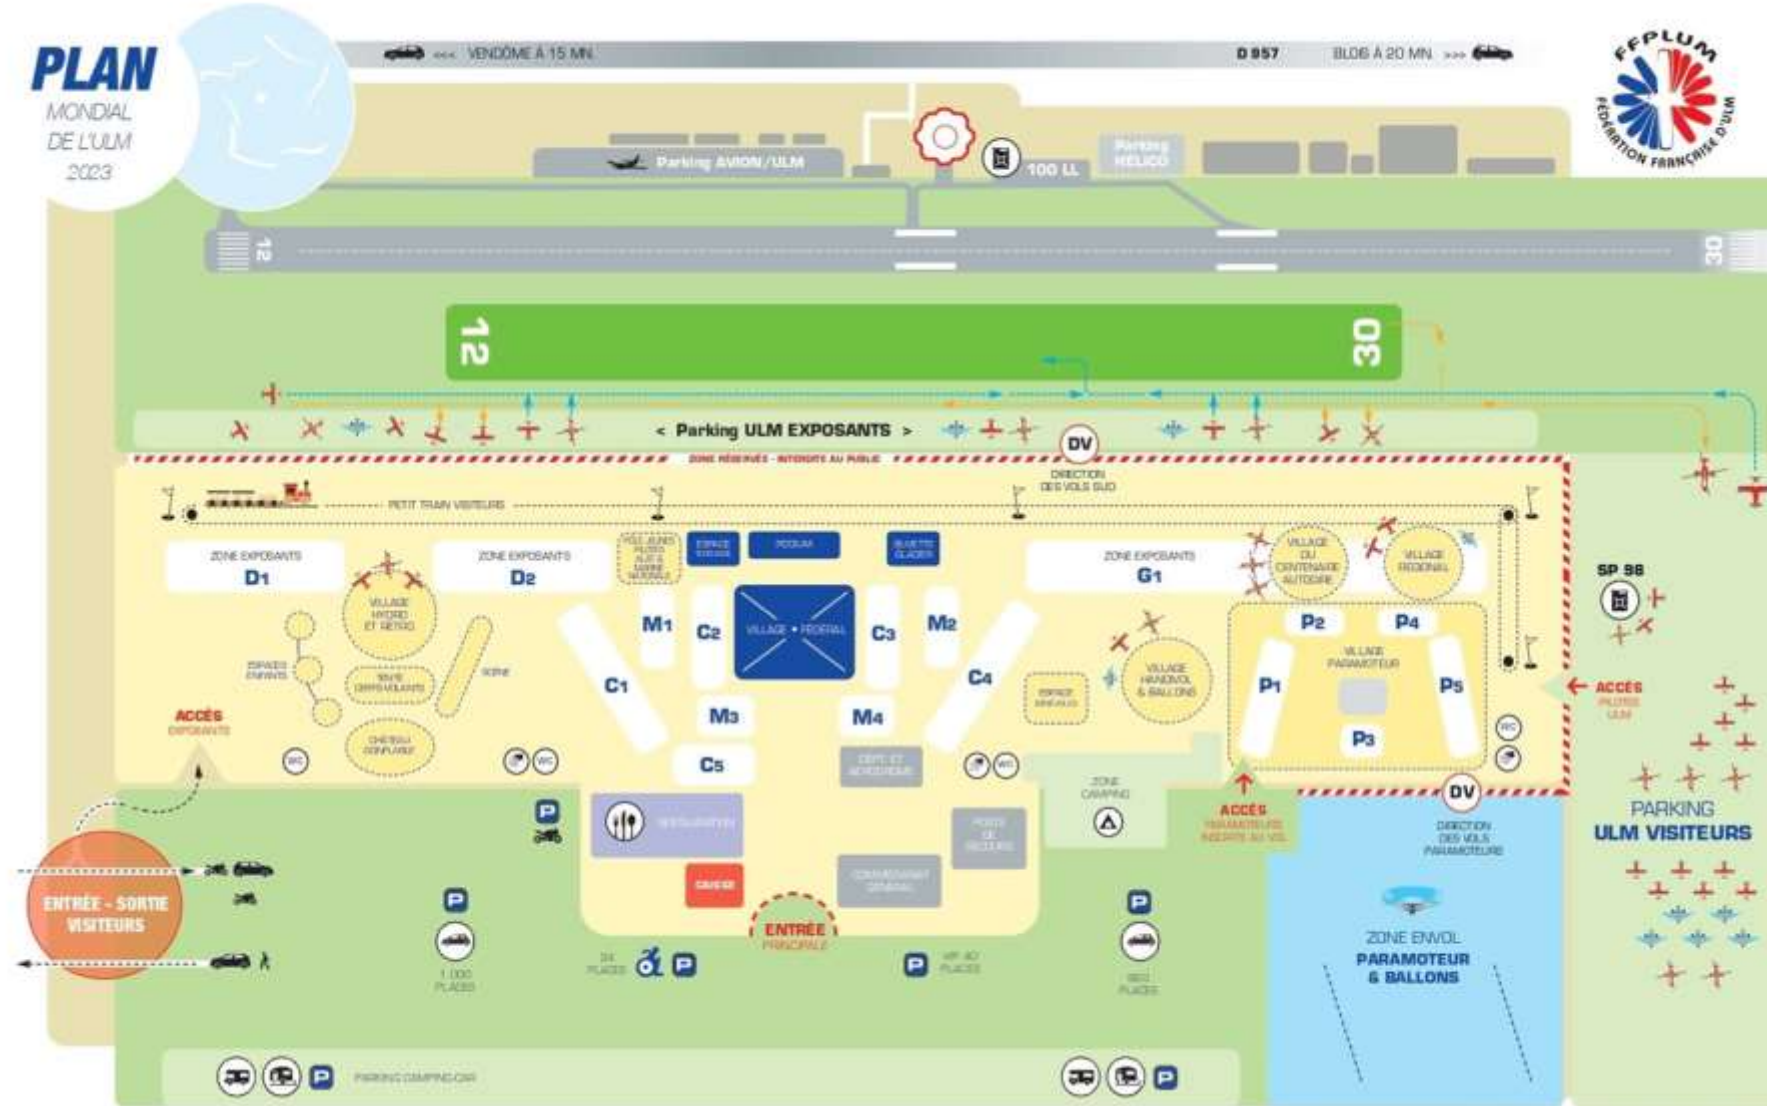

- In this folder you will find:
- Exhibition Map
- Programme of the Mondial de l'ULM
- List of exhibitors
- Instructions for parking
- Exhibitor wristbands and invitations
- Exhibitor flights with customers
- Exhibitor presentation flights
- What's new in 2023
- Paramotor's village map
- List of main contacts

The team remains at your disposal should you need any additional information (see the main contacts on the last page).

Thanks to you, we will be able to show once again the diversity and innovation power of microlight.

We are looking forward to meeting you on Friday September 1<sup>st</sup> at 11.00am for the inauguration of the Mondial de l'ULM and at 7.00pm to share a cocktail near the Federation's booth.

**Sébastien PERROT**  
President of the French Microlight Federation

# EXHIBITORS FLIGHT PRESENTATION

- A preparatory meeting for presentation pilots is mandatory. Any absence or delay of the presenting pilot will result in the cancellation of their presentation, without the possibility of rescheduling.
- A roll call will be conducted in addition to signing the attendance sheet to ensure that ALL presentation pilots have genuinely and physically participated in the briefings.
- The flight presentation schedule will be established by the Flight Management. Rehearsal flights will take place on Thursday between 5:00 PM and 7:30 PM.
- Aircraft must be ready at the takeoff waiting point, engines running, at least 5 minutes before the scheduled time slot.
- Presentations are carried out under the responsibility of the exhibitor. The exhibitor must ensure that the designated pilot possesses the necessary qualifications and skills.
- Flying over the Paramotor village and the audience is strictly PROHIBITED; **the NO FLY ZONE** must be respected.
- Having passengers on board an aircraft that does not serve a necessary technical function for the execution of the presentation flight is prohibited

# NEW FEATURES 2023

- Presence of numerous electrical machines among the exhibitors.
- 5 slots for presentation flights including balloon flights and Class 5 flights scheduled for Saturday evening and Sunday morning (subject to favorable weather conditions for flights).
- Around twenty new exhibitors.
- The cashless system is no longer in use; you will pay directly to the food vendors.
- Presence of a federal refreshment stand.
- Many free shuttle buses from Vendôme and Blois train stations (see brochure).
- Several presentation flight slots (see page 10).
- Village to celebrate the 100th anniversary of the autogyro, as well as classics like the disabled village, hydro village, retro village, amateur construction village, paramotor village, and federal village.
- Numerous conferences over the course of the 3 days (see brochure).
- Sponsors of the MULM: Vittorio MAGNI, founder of MagniGyro company, Alex and Marie MATEOS, multiple French and World champions in paramotoring, and Sylvestre CAMPE, adventurer, filmmaker, and paramotor pilot, a "cowboy of the skies" as he likes to describe himself.
- 2 exceptional concerts: on Friday evening, a Reggae concert with the Argonautes, and on Saturday evening, an Alternative Rock concert with the Arhios band.
- Followed by DJ after-parties both nights at the paramotor and retro village... you'll be able to groove until the end of the night!
- Free WiFi throughout the entire site
